NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. **PLEASE REVIEW IT CAREFULLY.**

We are committed to protecting the confidentiality of your health information, and are required by law to do so. This notice describes how we may use your health information within **Winghaven Dental** and how we may disclose it to others. This notice also describes the rights you have concerning your own health information. We must follow the obligations described in this notice and give you a copy of it. Please review this notice carefully and let us know if you have questions.

HOW WE USE AND DISCLOSE YOUR HEALTH INFORMATION

We are allowed or required to use or disclose health information about you for certain purposes without your authorization. Certain uses and disclosures of your health information, however, require your authorization. The following are ways in which we may use or share your health information:

Treatment. We may use your health information to provide you with dental/medical treatment or services. We may also disclose your health information to others who need that information to treat you, such as dentists, hygienists, specialists or other providers or facilities involved in your care. We may use and disclose your health information to contact you to provide treatment-related services, such as treatment options or alternatives or to tell you about other health-related benefits and services that may be of interest to you.

Payment. We may use and disclose your health information to insurers and health plans to get paid for the treatment and services we provide to you. For example, your health plan or health insurance company may ask to see parts of your health information before they will pay us for your treatment.

Health Care Operations. We may use and share your health information to run our organization, improve your care, and contact you when necessary.

Family Members and Others Involved in Your Care. Unless you object, we may disclose your health information to a family member or close friend who is involved in your healthcare, or to someone who helps to pay for your care. If a person has legal authority to make health care decisions for you, we will treat that patient representative the same way we would treat you with respect to your health information.

Business Associates. We may disclose your health information to our third-party service providers (“**Business Associates**”) that perform functions on our behalf or provide us with services if the information is necessary for such functions or services. All of our Business Associates are obligated, under contract with us, to appropriately safeguard health information about you and are not allowed to use or disclose any information other than as specified in our contract.

OTHER USES AND DISCLOSURES

Required by Law. Federal, state, or local laws sometimes require us to disclose patients’ health information. For instance, we are required to disclose patient health information to the U.S. Department of Health and Human Services so that it can investigate complaints or determine our compliance with

federal laws governing the privacy of health information. We also are required to give information to Workers' Compensation Programs for work-related injuries.

Public Health Activities. We may report certain health information for public health purposes. For instance, we may need to report adverse reactions to medications or medical products to the U.S. Food and Drug Administration.

Public Safety. We may disclose health information for public safety purposes in limited circumstances. We may disclose health information to law enforcement officials in response to a search warrant or a grand jury subpoena. We also may disclose health information for other law enforcement purposes as permitted by law.

Health Oversight Activities. We may disclose health information to a government agency that oversees our company or its personnel to allow the agency to provide appropriate oversight of the health care system, government benefit programs, and civil rights laws.

Coroners, Medical Examiners, and Funeral Directors. We may disclose information concerning deceased patients to coroners, medical examiners, and funeral directors to assist them in carrying out their duties.

Military, Veterans, National Security and Other Government Purposes. If you are a member of the armed forces, we may release your health information as required by military command authorities or to the Department of Veterans Affairs. We may also disclose health information to federal officers for intelligence and national security purposes or for presidential protective services.

Judicial Proceedings. We may disclose health information if ordered to do so by a court or if a subpoena or search warrant is served. You will receive advance notice about this disclosure in most situations so that you will have a chance to object to sharing your health information.

Marketing/Sale of Information. We will never sell your information or share your information for marketing purposes unless you give us written permission. If we contact you for any fundraising efforts, you can ask that we not contact you again.

Psychotherapy Notes. We will obtain your prior authorization for most uses and disclosures of psychotherapy notes, except for those uses and disclosures expressly permitted under law.

Your Written Authorization for Any Other Use or Disclosure of Your Health Information. Your authorization is required if we wish to use or disclose your health information for a purpose that is not discussed in this notice, or is otherwise permitted or required by law. You may revoke such an authorization at any time, unless we have already relied on your authorization to use or disclose information. If you would ever like to revoke your authorization, please notify us in writing.

Restrictions on Disclosure of PHI to Health Plan. At your request, we will not disclose your information to your health plan if the disclosure is for payment or health care operations and pertains to a health care item or service for which you have paid out of pocket in full.
